Nose: Angel food cake, mascarpone, tapioca, honey, vanilla, light floral, spice.

Palate: Vanilla, milk, honey, floral, anise, spice, white pepper, pepper.

Finish: Vanilla, sweet floral, leafy, anise, soft, pleasant, elegant.

### *Maker Notes*

Peony Vodka is distilled five times from American wheat and filtered twice through charcoal to remove even the minutest impurity. The spirit is then blended with distilled water that has been further purified by reverse osmosis to extract all remaining minerals ensuring exceptional clarity and purity even when exposed to near freezing temperatures. Working with local master herbalist Terri Lundquist, the peonies are harvested and processed directly on the farm to create the tincture, which is then blended during the distillation process. The subtle floral essence is the result of a recipe comprised of a proprietary blend of nine natural ingredients, including geranium, jasmine, white pepper, gardenia, green tea, vanilla, are the heart of the tincture of Peony Vodka.
