### *Tasting Notes*

Intense cherry, plum, and ripe berry flavors combine with earthy notes of leather, cigar box and hints of white pepper. Silky yet firm tannins support a beautiful finish that goes on and on.

### *Winemaker Notes*

An early start to the cool season was followed by warm, dry & even conditions throughout the rest of the year. Every drop of the wines used to craft our Druid's Fluid Premium Red Blend are fermented at Troon Vineyard. No bulk wines are purchased. The wines for Druid's Fluid undergo natural fermentations in small fermenters that are punched down by hand. Then all are aged in French Oak barrels from prestigious coopers. No other wine in its category receives such careful attention to every detail. The result is a wine that not only gives great pleasure, but one that delivers far more complexity and depth than other wines in its price range.
